

St. Bernadette School
Allergy Free Table Release Form

Your child _____ has been diagnosed with a Life Threatening
Food Allergy to _____.

We have established protocols to help keep your child safe while here at SBS. Our success depends on having classroom and cafeteria protocols and receiving appropriate medical information from you. .

We have established safe classroom protocols at all class levels and offer an allergy free table in the cafeteria. These spaces are cleaned to eliminate any food residues. If you do not see a problem with your child eating at the regular lunch tables, you may sign the form below allowing your child to eat with other classmates.

Even though my child has a Life Threatening Food Allergy, I allow him/her to sit at the regular cafeteria tables.

Yes _____ No _____

I(We) have read these guidelines and have provided all materials needed to keep my child safe while attending SBS.
