Saint Bernadette School Acceptable Use Policy for Technology

Overview

The goal of St. Bernadette School in providing Internet access to our students is to promote educational excellence in our school by facilitating resource sharing, innovation and communication. The use of this access must be in support of education and research consistent with educational objectives. The purpose of this agreement is to provide guidelines for Internet use, so that students will be aware of the responsibilities they are about to acquire.

The Internet is a vast collection of computers and users that have the ability to share information. Each computer that is connected becomes part of this global network. This allows individuals to quite easily send electronic letters, voice and video messages, pictures, and programs. Internet use enables teachers to bring experts right into the classroom and provides immeasurable resources with which to enhance the curriculum.

Telecommunications Use Agreement

Adapted from NCEA's "From the Chalkboard to the Chatroom".

As a computer user, I agree to follow the rules and code of ethics in all of my work with computers while attending St. Bernadette School:

1. Students must recognize that all computer users have the same right to use the equipment; therefore, students will not use the computer resources for non-academic purposes. They will not waste or take supplies such as paper, printer cartridges, and discs that are provided by the school. In the computer lab, students will talk softly and work in ways that will not disturb other users. **They will keep the computer work area clean and will not eat or drink in the computer lab.**
2. Students must recognize that **software is protected by copyright laws**; therefore, they will not make unauthorized copies of software and will not give, lend, or sell copies of software to others. They should understand that they will not be allowed to bring software applications, games, or CD-ROMs from home to be used on school equipment without proof of licensure and prior approval of appropriate school personnel.
3. Students must recognize that the work of all users is valuable; therefore, will protect the privacy of others by not trying to learn their password; Students will not copy, change, read, or use files from another user without prior permission from that user; they will not attempt to gain unauthorized access to system programs for computer equipment; they will not use computer systems to disturb or harass other computer users or use inappropriate language in my communications.
4. Students must honor the school's procedures for the storage of information and realize that after prior notice has been given, files may be deleted from the system to protect the integrity of the network or because of space limitations on the computer's hard drive.

5. Each student who received Internet access will be instructed in the proper use of the network. The use of the Internet must be in support of education and research consistent with the educational objectives of the school. Students using network or computing resources must comply with the appropriate rules for that network or resource.
6. As a user of a network, students will not use bulletin boards or chat lines for personal use. Additionally, students will not reveal personal information, home address, or personal phone number or those of students, teachers, or other staff members. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret. The use of school computers and networking resources for commercial activities is not permitted. Their use for product advertisement or political lobbying is also prohibited.
7. Parents must realize that their students may encounter material on a network/bulletin board that they do not consider appropriate (vulgar jokes, statements of belief that some might consider immoral, etc.) The student is responsible for not pursuing material that could be considered offensive.
8. The use of the computer is a privilege, not a right, and inappropriate use will result in the cancellation of these privileges. Vandalism or intentional modification of system settings will result in cancellation of privileges and/or school disciplinary action. **This includes changing of any appearance setting, screen savers on the school computers and MAC Lab units.**
9. The school reserves the right to seek financial restitution for any damage cause by a student or other user. The system administrators will deem what is inappropriate use, and their decision is final. The administration, faculty, and staff of the school may request that the system administrator deny, revoke, or suspend specific user privileges. Violations of the rules and code of ethics described above will be dealt with seriously.
10. Students will promptly disclose to the administration or teacher any message that is inappropriate or makes them feel uncomfortable.

Acceptable Use Agreement

I/We have read the Internet Acceptable Use Policy, understand it, and agree to adhere to the principles and procedures detailed within and pertaining to all school computers, PC lab, iPads and the MAC lab. I/We understand and accept the conditions stated above. I/We understand that my/our student is expected to use good judgment and follow the Policy in making electronic contact with others. Parent permission will be obtained prior to a student's work with their name being put in a school's web site on the Internet.

Should my student breach this policy, I understand that the consequences of this violation could result in but are not limited to:

- Revocation of all network access on the school's network
- Suspension of computer access
- Revocation of computer access
- School suspension
- School expulsion
- Legal action and prosecution by the authorities

If you choose to deny direct Internet access to your student at this time, you are refusing permission for individual exploration only. Students may still be exposed to information from the Internet guided curricular activities at the discretion of their teachers. A student will not have individual Internet access without a signed Acceptable Use Policy.

Mobile Devices

Cell Phones and Apple Watches

If a student needs a cell phone or Apple Watch after school due to walking home from school, entering a house where no one is home, or attending sport practices or games, he/she should bring the cell phone to the office upon arrival in the morning to park the cell phone in the off position for the day. The cell phone may be picked up by the student at dismissal. In the case of students attending Extended Day or an afterschool activity, cell phones may be retrieved at pick-up. At no time during the day should a cell phone be in a student's locker or in his/her possession. **Items taken away from students will be returned to the parent(s)/guardian(s) on the last day of the school year.**

Electronic Readers (E-readers)

Electronic readers, simply called “e-Readers”, are digital devices that can store books, periodicals, magazines, and other electronic media. e-Readers like Amazon's Kindle®, Barnes & Noble's Nook®, Apple's iTouch®, and Apple's iPad® are quickly becoming ubiquitous in our digital culture and they simply cannot be ignored. St. Bernadette School, in striving to maintain technological relevance in education, is providing the opportunity for students to use these devices in accordance with our e-Reader Acceptable Use Policy. This opportunity is a privilege that requires extra caution and responsibility both on the part of the students and their parents.

E-Reader Acceptable Use Policy

The wide variety of hardware and software capabilities of available e-Readers makes them challenging to monitor and control in a school environment in contrast with school owned technology assets like computers, etc. Therefore, our e-Reader Acceptable Use Policy needs to be specific and clear. A student who violates any portion of the e-Reader Acceptable Use Policy may immediately lose the privilege to use their e-Reader at school for a length of time commensurate with the nature of the violation.

1. All e-Readers must be registered with the St Bernadette Media Specialist or Administration and accompanied by the Acceptable Use Agreement Form signed both by the parents and the student.
2. E-Readers are to be used only for the reading of school-approved material (books, etc.) and not for other purposes such as communication, entertainment, music, gaming, etc.
3. All material on the e-Reader must comply with the spirit and policies of St Bernadette School. Please refer to the Parent-Student Handbook for more details.
4. All e-Readers must have cellular and network capabilities disabled (turned off) while the device is at school.
5. E-Readers must be used at appropriate times in accordance with teacher instructions. The e-Reader must not be a distraction for the student or those around him/her nor be a source of any classroom disruption.
6. E-Readers are not to be used during lunch, middle-school breaks, or during playground/recess time.
7. The student is responsible for knowing how to properly and effectively use their e-Readers and this should not be a burden for the teachers.

Instagram®

Photos and captions on a student or parent's Instagram® account that depict the school, the faculty, other students, or the parish in a defamatory way may result in disciplinary action.

Sexting

Students involved in possession or transmission of inappropriate photos on their cell phones or other electronic devices face suspension and/or expulsion.

Texting

Students should at no time be involved in texting during the course of the school day. Students involved in texting at school face detention, suspension and/or expulsion.

Virtual Reality Sites

Virtual Reality Sites pose a developmental and moral risk to the life of a student. Parents are cautioned to be aware of the online sites visited by their children, knowing that often predators are not living in a neighborhood, but within the home via a computer. Students whose avatars depict other students, teachers, or parish staff in a defamatory might face detention, suspension, or expulsion.

Permission to Bring Mobile Computing Devices/Kindles to School

Use a separate sheet for each student.

I have read and understand the policy outlined above. I hereby give permission for my child to bring his/her mobile computing device/Kindle to school. I understand that the school is not liable under any circumstances for the loss of or damage to my child's mobile computing device/Kindle or any peripheral devices. Sixth, Seventh, and Eighth Grade students and parents are required to review this document, as well as sign the accompanying agreement to protect the hardware and software inherent with this technology.

Technology resources at St. Bernadette School are provided for the purpose of supporting the educational mission of the School. The School's goal in providing the iPad is to promote educational excellence: by facilitating resource sharing, innovation, research, creativity, communication, increased productivity, and mobile learning.

Use of these technologies is a privilege that carries responsibility and behavioral expectations consistent with all school rules and policies, including but not limited to those stated in the Parent-Student School Handbook. It is understood that members of the St. Bernadette School community will use all types of computing devices and the School's network in a responsible, ethical, and legal manner at all times.

St Bernadette School retains sole right of possession of the iPad and related equipment. The iPad will be issued to students according to the guidelines set forth in this document. St. Bernadette School retains the right to collect and/or inspect the iPad at any time, and to alter, add, or delete installed software or hardware.

iPads

Receiving your iPad

iPads will be distributed at the beginning of the school year after "iPad Orientation." The school must receive the technology fee of \$175 and parents and students must sign and return the iPad Acceptable Use Policy and Pledge documents before the iPad can leave the school with the student. Sixth Graders will receive permission to take the iPads home at a time determined by administration and faculty.

iPad Check-in

iPads will be returned during the final week of school. **The iPad charger (plug and cable) must be returned in good working order or the full cost of a replacement charger will be the responsibility of the student.**

Students who transfer or withdraw, must surrender the iPad upon termination of enrollment.

TAKING CARE OF YOUR IPAD

Students are responsible for the general care of the iPad they have been issued by the school. iPads that are broken or fail to work properly must be taken to the Director of Technology for an evaluation of the equipment. iPads are equipped with a school supplied case. Cleanliness of the outside case should be maintained.

General Precautions

- The iPad is school property and all users will follow this policy and the St. Bernadette School Acceptable Use Policy for technology.
- Cords and cables must be inserted carefully into the iPad to prevent damage.
- iPads must remain free of any writing, drawing, stickers, or labels that are not the property of St. Bernadette School.
- iPads must never be left in an unlocked locker, unlocked car, school cubby or any unsupervised area.

Carrying iPads

School supplied protective cases must be used at all times ensuring that the iPads have sufficient padding to protect them from normal treatment and provide a suitable means for carrying the device within the school

iPads should always be within the protective iPad case when carried.

Screen Care

The iPad screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the iPad when it is closed.
- Do not place anything in the carrying case that will press against the cover.

Do not place too much pressure and/or weight (such as folders and workbooks) on the iPad screen.

- Do clean the screen with a soft, dry cloth or anti-static cloth, no cleaners of any type can be used.
- Do not “bump” the iPad against lockers, walls, car doors, floors, etc. as it will eventually break the screen.

USING YOUR IPAD AT SCHOOL

iPads are intended for use at school each day. In addition to teacher expectations for iPad use, school messages, announcements, planners, calendars and schedules may be accessed using the iPad.

Students must be responsible to bring their iPad, **fully charged**, to all classes, unless specifically instructed not to do so by their teacher.

Students who repeatedly (three or more times in a quarter) fail to bring the iPad to school or maintain a fully charged battery will lose the privilege of the iPad for a time to be determined by the administration.

iPads Left at Home

If students leave their iPad at home, they are responsible for getting the course work completed as if they had their iPad present. Loaner iPads will not be available to students who forgot to bring their iPad to school or failed to charge their iPad.

iPad Undergoing Repair

Loaner iPads may be issued to students when their assigned iPad has been sent for repair.

Charging your iPad's Battery

iPads must be brought to school each day in a **fully charged** condition. Students need to charge their iPads each evening. It may take up to 5 hours to fully charge the iPad.

Screensavers/Background photos

A standard screensaver or background will be preset on the iPad and may be changed by the student.

Photos /Video

Photo/Image storage on the iPad will be for school projects only. Storage of student personal photos or downloaded images are not allowed. Students should not photograph, video or make a sound recording of any teacher, student or person without permission.

Sound, Music, Games, or Programs

- Students may not download music from iTunes or any other music-sharing site unless directed by or with the permission of a teacher.
- Music is only allowed on the iPad if provided by the teacher for educational use.
- Sound must be muted at all times unless permission is obtained from the teacher for

instructional purposes. The student's parents may provide ear buds.

- Non-educational games are not allowed on the iPads.

Printing

Printing is student responsibility and should be completed at home. Students will be given information and instruction on printing with the iPad at school only at the request of the teacher.

Home Internet Access

Students are allowed to set up wireless networks on their iPads to assist them with iPad use while at home. Printing at home will require a wireless printer, proper settings on the iPad and the correct app.

MANAGING YOUR FILES & SAVING YOUR WORK

Saving Work

It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. iPad malfunctions are not an acceptable excuse for not submitting work; therefore, students should back up all work.

1.1 Network Connectivity

St. Bernadette School makes no guarantee that the school wireless network will be up and running 100% of the time.

SOFTWARE ON IPADS

Originally Installed Software

St. Bernadette School will synchronize the iPads to contain the necessary Apps for schoolwork. The software/Apps originally installed by St. Bernadette School must remain on the iPad in usable condition and be easily accessible at all times.

Periodic checks of iPads will be made to ensure that students have not removed required Apps.

Inspection

Students may be selected at random to provide their iPad for inspection.

Procedure for re-loading software

If technical difficulties occur or illegal software (non-St. Bernadette School iTunes Apps) is discovered, the iPad will be restored from backup. The school does not accept

responsibility for the loss of any software or documents deleted due to a re- format and re-image. In this event, the student may lose the privilege of iPad use.

Software upgrades

Upgrade versions of licensed software/Apps are available from time to time. Students may be required to check in their iPads to the Director of Technology for periodic updates.

ACCEPTABLE USE

The use of the St. Bernadette School technology resources is a privilege, not a right. The privilege of using the technology resources provided by the school is not transferable nor can it be extended by students to people or groups outside the school and terminates when a student is no longer enrolled in the school.

This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school's technology resources may be denied, and the appropriate disciplinary action shall be applied. The School Acceptable Use Policy shall be applied to student infractions.

Violations may result in disciplinary action up to and including suspension/expulsion for students. When applicable, law enforcement agencies may become involved.
